

2019 Mission Trip to Arizona!

Located in the southern edge of Arizona lies the city of Nogales (pronounced “No Galas”) which is derived from the Spanish word *walnut tree*. Although this quiet city is just a short distance from the border of Mexico, Nogales funnels an estimated \$30 billion dollars worth of international trade into Arizona and the United States. Our work in partnership with a local community outreach organization there is to minister to cross-the-border Mexicans and local citizens of Nogales.
